

Model	CI 550																					
Machine Photo																						
Description	<p>CI-550 is a fully automatic casing in machine. The hard cover and bookblock are fed into machine automatically. The machine detects the thickness of the bookblock, sprays the hotmelt, assembles the cover on the bookblock in centre position.. It includes heat and pressure unit, can reactivate the hot melt in the joint to make it more pronounced and precise. It is compact and save the space of operation.</p>																					
Detail	<p>Key Benefits:</p> <ul style="list-style-type: none"> ● All in one system: Integrated auto feeding, gluing, assembling units a Joint forming station ; ● Automatically measure the thickness of bookblock; ● Easy to operate via touch screen; ● Flexible production for different sizes: 150mmx150mm to 350mmx450mm; ● Hotmelt gluing technology: cheaper cost and faster delivery;

Features																						
Book block size	<div style="display: flex; align-items: center;"> <div style="margin-right: 10px;"> <p>Min.150mm / max. 420mm</p> <p>min.150mm / max.370mm</p> <p>min. 8mm / max. 55mm</p> <p>min. 4mm / max. 50mm</p> </div>  </div>																					
Glue	Hot melt																					
Speed	Up to 9 books /minute																					
Time to change size	1-2 minutes																					
Power Supply	220V 50HZ Single phase																					
Maximum power consumption	3000W																					
Machine dimension	3.5m(L) x1.4m (W) x1.8m (H)																					
Weigh	850kg																					
Air compressor	0.8mpa, >300L/min
